

Vision Care Opens Second Homagama Branch

The Homagama branch of Vision Care.

The second branch of Vision Care was opened in Homagama, marking a significant step in its mission to bring high-quality eye and hearing care to every corner of the country. In celebration of the opening, Vision Care also conducted an eye and ENT camp at the branch premises, offering free consultations and basic healthcare services to the public.

The opening ceremony was graced by guests, including Dr Lalantha Gurusinghe,

Consultant Vitreo Retinal Surgeon (Colombo South Teaching Hospital & National Eye Hospital), Dr. M D S Guneyilleke, Consultant eye surgeon (National Eye Hospital) along with Dasantha Fonseka, Chairman, Vision Care, Janaka Fonseka, Managing Director, several staff members, and well-wishers. This event celebrated the brand's dedication to serving regional communities. Located in the center of Homagama city, the new branch minimizes travel time for residents while ensuring accessibility to all. Combining convenience with exceptional service, the branch features modern interiors, ample parking, and a welcoming atmosphere, providing customers with a seamless experience as they access expert care and premium products.

The newly opened Homagama branch offers a wide range of services, including eye tests, hearing assessments, and a curated collection of eyewear brands and hearing aids. Customers can explore stylish, high-quality frames and sunglasses from global brands such as Ray-Ban, Vogue, Polaroid, and Vintage. Additionally, the branch features advanced hearing aids from Oticon and Starkey, catering to both adults and children. With state-of-the-art technology and a team of experienced professionals, the branch ensures reliable, personalized solutions for every customer.
